Gateway to a glorious living

Safe and Secure Living Environment

Promising Future

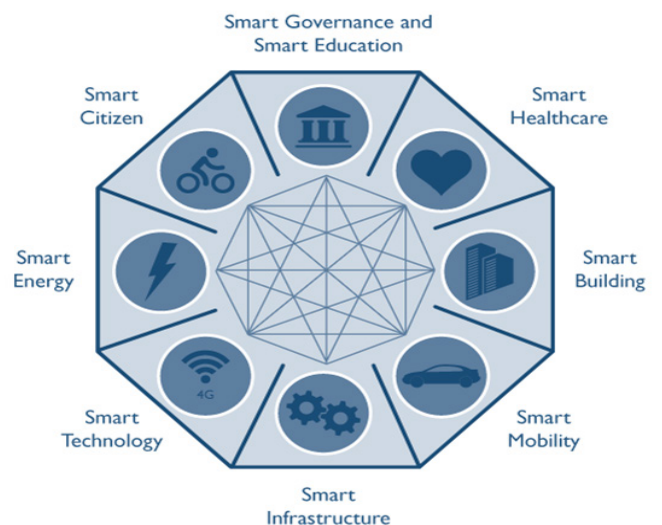

Located at the most prime location of Gwadar

The aim of Naval Anchorage Gwadar is to provide quality living to residents in line with Gwadar Smart Port City Master Plan while accomodating them in a beautiful environment at an affordable cost.

Naval Anchorage Gwadar is located in the heart of Gwadar Smart Port City Master Plan adjacent to Commercial & Business District (CBD). New master plan of Gwadar has been designed by Chinese Fourth Harbour Design Institute on the basis of smart city concepts. Gwadar Smart Port City Master Plan has been finalized and approved till 2050.

SMART CITY CONCEPTS

Fast Pace Development Works

Naval Anchorage Gwadar is one of the finest, most trustworthy and largest housing project in alluring port city of Gwadar. It is a unique housing scheme in Gwadar which has actually started fast pace development works. The development works of Sector A are progressing at high pace through employment of heavy machinery.

Majority of Roads Earth Work is Nearing Completion

100,000 Gallons Overhead Water Tank

250,000 Gallons Underground Water Tank

Storm Water Drainage

RCC Pipe Factory

Sewerage Network

Establishment of Site Office

A fully furnished site office has been established. Site office area is designed beautifully with tree plantation and green belts which is a hallmark of Naval Anchorage Gwadar.

Inauguration of Mehlab Park

Inauguration of Mehlab Park was held on 02 May 2019 during colourful ceremony at NAG Site. Begum DCNS (W & H) graced the occasion. A massive tree plantation drive is being undertaken by Naval Anchorage Gwadar in line with campaign for green & clean Pakistan launched by the Government.

Visit of Chief of Staff (Personnel)

COS (P), Vice Admiral Ather Mukhtar visited NAG on 14th July 2019. The COS (P) took round of ongoing development works. The Vice Admiral appreciated the efforts of project teams for implementing quality standards.

Project Monthly Review Meeting

Deputy Chief of Naval Staff (W & H) chaired PMR meeting held on 10th October 2019 at Naval Anchorage Gwadar site followed by visit of ongoing development works. DCNS (W & H) also met DG GDA and discussed the contours of Gwadar Smart Port City Master Plan. During the meeting, DG GDA appreciated PN efforts in overall development of Gwadar particularly the fast pace of developmental works at NAG that will ultimately benefit Gwadar.

Highest Standards of Engineering Excellence

A significant feature of development strategy is comprehensive quality control of the project to ensure highest standards of engineering excellence and state of art construction work. The engineers, supervisors and workers in the area are developing the project with an enthusiastic professional approach. The supervision by the Consultant and Anchorage management is stringent, ensuring proper testing and quality controls at each stage of the project.

News Bulletin
